SPANISH SWINDLERS STILL AT THEIR WORK

Their American Victims Find It Impossible to Con- vict Without Going to Spain.

WASHINGTON, Oct. 30.—The Department of State has received a report from the American Consul-General at Barcelona, Spain, in regard to the band of swindlers operating in various towns and cities in Spain, who make a practice of writing to persons in the United States respecting the imprisonment of a relative and the guardianship of a child.

The Consul-General states that the alleged prisoner generally describes himself as a political prisoner from Cuba; he is at the point of death and has but one friend—the prison priest—through whose good offices he is enabled to smuggle an occasional letter out of the prison fort.

The prisoner is rich. He has a fortune in cash on deposit in the United States, but the certificate of deposit is concealed in a secret receptacle of his valise; the valise itself has been taken possession of by the court at Carthage, which tried and condemned him, and will be held until the prisoner or his representative has satisfied the costs of the trial. The prisoner has an only daughter; living in his prison, his sole thought is of this beloved offspring. He has a friend or relative in Spain to whose care he can commit her. In his emergency his thoughts turn to the distant relative in the United States whom he has never seen and whom he knows only through hearsay or the family tree. Will the distant relative assume the guardianship of the darling daughter, and the darling daughter's fortune of about \$30,000? If the distant relative accepts the trust one-fourth of the prisoner's fortune will be the material reward. The good priest will go at once to the United States and take the darling daughter with him. There is but one condition: the ready money which the prisoner brought with him to Spain has been exhausted; the distant relative is therefore requested to send enough to liberate the valise containing the secret receptacle and the certificate of deposit. This money is to be sent to the good priest at an address indicated, and, having received it, the good priest will at once secure the valise and start for America, the "land of the free and the home of the brave," with the darling daughter.

The above is generally the first letter of the series. It is quickly followed by another in which the prisoner pathetically states that his strength is rapidly failing and the end is near. He beseeches his dear distant relative to assume the trust and be a loving father to the darling daughter. The third letter is from the good priest himself, who in brief, touching terms, and hopelessly bad English, announces the death of the unhappy prisoner; the good priest adds that the darling daughter is under his care. He is ready to put his promise into execution and start for the United States as soon as he shall have received the necessary funds from the distant relative. The good priest frequently incloses with his letter a bogus newspaper clipping announcing the death in prison at Barcelona of the famous Cuban patriot (sometimes called Augustin Lafente); the newspaper notice also speaks cunningly of the confiscated valise and the darling daughter.

It is a simple scheme, but presented in such a plausible way that almost any unsuspecting "distant relative" of European extraction would be more or less deceived by the glad prospect of falling heir to the agreeable custody of a darling daughter with a big fortune, and one-fourth interest therein as an additional recompense.

Naturally the first impulse of the distant relative is to ask a lawyer or a judge or some authority what course he ought to pursue in the premises but as he thinks of doing this his attention is taken by the warning in the prisoner's letter beseeching him not to mention the matter to any living soul lest the secret of the valise and the hidden receptacle be indiscreetly betrayed.

The valise, after all, with its concealed certificate of deposit, is the key to the situation, and possession must be taken of it before anything can be done or said. This (so cunningly set forth by the prisoner) is very evident to the distant relative, and so he quite frequently preserves the secret intact, and instead of consulting a lawyer or writing to the American Consul-General at Barcelona, he quietly sends a draft for the sum demanded to the good priest and awaits results. Of course he waits in vain, and the poor, dead prisoner and the good priest and the darling daughter in the course of time pass out of his life forever, leaving him only an uncomfortable memory of the money he so cheerfully contributed to the confidence game.

For nearly twenty years these same knaves have been practicing their swindle, and it is needless to suggest that they are very carefully organized; they have confederates not only in the United States but in most other countries.

The confederates in question select a man and find out all they can about him; they get hold of family origin, and family characteristics. This information is transmitted to the rascals in Spain, and letters are at once written to the prospective victim. The scheme is presented and developed in a very plausible way and many of our fellow-countrymen have "bitten" promptly and cheerfully.

Under the Spanish laws a felony must be consummated before the police may act, and a mere attempt to obtain money by false pretense does not appear to warrant arrest. The money must be actually paid over and the prosecuting witness must be present in propria persona to testify; otherwise prosecution would be useless.

Recently the letters written to the distant relative have varied somewhat from the original; the political prisoner having become a noted Russian banker who absconded, leaving a deficit of some millions of roubles, killed in a quarrel in England another Russian, and finally took refuge in Spain, where he was apprehended and charged with manslaughter.

This change of character, however, is immaterial, and in the future more new characters will probably be introduced by the gang. The scheme is the same, and the public warned to place no credence in such or similar letters.

Every effort has been made by the Department of State and its representatives in Spain to unmask these scoundrels and bring them to justice, and the Spanish authorities have also been active and several members of the gang have been apprehended and held for trial, but so far no convictions have resulted, owing probably to the peculiarity of the Spanish law referred to in the report of the Consul-General at Barcelona.

SANITARIUM NOTES

For some time past the force at the Sanitarium have been busy renovating, relaying carpets, rugs, etc., in preparation for the winter's business, which is expected to be quite good. A number of the rooms have been redecorated and the wood work repainted. All old furniture is gradually being replaced with new, sanitary furniture.

Judge A. J. Cone has recovered sufficiently to be enabled to return to his home at Raleigh.

Miss Helen Green, who was a nurse in the Sanitarium for several months, has severed her connection with the institution and returned to her home in South Carolina.

Master Wilber Gold of Newberry is a surgical patient this week. He had developed a serious bone disease of one of his legs and it became necessary to remove a portion of the bone. His improvement since the operation is quite satisfactory.

S. H. Lovell, a valued employee of the W. B. Philfer Co. at Rochelle, is a surgical patient this week under the care of Dr. DePass.

Miss Carrie Church, a trained nurse of Jacksonville who has been taking treatment at the Sanitarium, returned to her home a few days ago.

Miss Rosa Ruger continues to improve and will remain at the Sanitarium throughout the coming winter.

Kite Francisco, a brother of Nic Francisco, the well-known fruit merchant, is quite ill at the Sanitarium this week.

KELLEY AND DAVIDSON ATTEMPTED ESCAPE

A Cleverly Arranged Scheme by Which These Prisoners Were to Gain Their Liberty.

PALATKA, Oct. 30.—The Times-Herald of this city has the following particulars of the recent attempt of Davidson and Kelley to escape from the Putnam county jail:

"It will be remembered that a few months ago a well-arranged plan to break jail was frustrated by Sheriff Kennerly, who was told of the plot by one of the prisoners, a colored man named Ashley, who was charged with assault with intent to murder. In view of what he had done the sheriff had his sentence changed to aggravated assault and then paid the fine for him. Since that time Ashley has been acting as cook at the jail. In this capacity he came to know W. M. Davidson and J. M. Kelley, the Alachua county prisoners who were tried here and found guilty of murder at High Springs of W. C. Sellars, special agent of the Atlantic Coast Line, and who are still confined in our county jail. They told Ashley that they were determined to escape, and that Mamie Brown, a negro woman who formerly cooked for the prisoners, was to aid them; that she was to buy a saw, file or other tools, and that for such service she was to be paid \$50. Someone was needed to get the tools to the cell, however, so they offered Ashley \$25 if he would do this.

Mamie Brown was given \$2 to purchase the tools, so through an employee of the Browning mill a saw was secured. She said it would be necessary to go to Jacksonville to get just what was wanted, so Davidson sent her a check for \$3.20 on the High Springs Bank, dated October 21st, and payable to order Mamie Brown, signed by W. M. Davidson.

"The following note, which was not

dated or signed, accompanied the check on both these documents, as well as the saw, are now in the possession of the sheriff:

"Be shure and get a frame with them, the smallest size you can get and about five or six blades or saws. You must get them as fine as you can get and be careful if anyone wants to know your name tell them something but not the write one. If you have not a friend in Jacksonville get them to get the things for you. Now when you go to Jacksonville take this check to Mr. Charles Bennett, a whiskey house on West Bay street. Anyone can tell you where he is and tell him to cash that for you, that Mr. Davidson of High Springs gave it to you. Hurry back and be careful."

"Mamie Brown and her cousin, the well-known Scott woman, who was in the plot, were arrested Friday and placed under bond of \$500 and \$300 respectively. They had intended going to High Springs Sunday.

"When Davidson and Kelley were confronted with the proof they were compelled to acknowledge their guilt, but Kelley swore that he alone had intended to escape, and that his partner never had any intention of leaving. To Deputy Hague he stated that as Sheriff Lee Kennerly was too sharp for him he would accept the result in good grace and would make no further attempt to escape. But despite this the authorities are taking no chances. A special guard has been placed at the jail, and no one is allowed to go near the cell in which these two persons are confined. And 'tis well, for the old jail never sheltered quite so dangerous and scheming inmates."

HALLOWE'EN PARTY.

Mrs. T. W. Pitts Entertains Young People in Enjoyable Manner.

"Hallowe'en is time for fun. Time to make the witches run. At 404 McCormick street. That is where we meet."

This unique invitation was sent out by Mrs. T. W. Pitts inviting many guests to be present at her home on Friday night. At the appointed hour, 8 p. m., at least one hundred young men and ladies gathered at 404 McCormick street to indulge in Hallowe'en sports. The guests were received at the door by Mr. Pitts and invited upstairs by Misses Sadler and Voyle, to take their wraps off. On returning Miss Isla Eddins ushered everyone around to the far side of the veranda, where each one was given a pretty card, decorated with black cats and witches, on which was written in verse each boy's and girl's fate. These were very original, and caused much mirth and pleasure. At the opposite end of the porch was a large bowl filled with water and floating apples. The guests who were successful enough to pick one of these up with their teeth were given the apple. In the front parlor each one's fortune was told by three dishes; one of these contained muddy water, indicating single life; another plain water, meaning marriage accompanied by money, and the third was empty, showing simply that a partner would be given them for life. One at a time was blindfolded and asked to dip their finger in a bowl, and results were very amusing.

One of the most unique features of this occasion was the trip to "Spook Land." This was splendidly arranged and shrieks and yells could be heard all over the house as the different guests conducted by ghosts went from one grotesque thing to another. After every conceivable pleasure connected with Hallowe'en was indulged in, music and dancing were enjoyed, with intermission for punch and bonbons. After this each boy selected his young lady for supper by fishing for a black cat, which the girls held by strings suspended from the upstairs' bannisters. This luncheon consisted of fruit salad, saltines and delightful cake.

The house was beautifully and appropriately decorated with pumpkin heads and grotesque forms and figures, and many were the compliments paid Mrs. Pitts for her taste and originality.

At a very late hour, when ghosts are at the height of their merriment, the guests departed feeling under everlasting obligations to the hostess for the best of times.

TERM WILL BE SHORT.

Docket for Court Shows Big Decrease Over Former Years.

Clerk of the Circuit Court H. H. Wienges has been busy for the past two or three days preparing the docket for the fall term of the circuit court for the Eighth Judicial Circuit, in and for Alachua county, which will convene in this city on Monday, November 8.

Clerk Wienges is responsible for the information that the docket will be lighter the coming term than for many previous terms. There are only sixty-eight cases appearing on the trial docket, three on the claim docket, and six on the appeal docket. The criminal docket will also be lighter this term than for some time.

Sea Island Cotton Market Is Considerably Higher

SAVANNAH, Oct. 30.—The market for Sea Island cotton was rather quiet early in the week, but later developed more activity, and all offerings were taken at steadily advanced prices. Quotations are 1½¢ to 2¢ higher than a week ago, and at the factory tables are swept, with nearly some orders still unfilled. The close was firm; quotations for the three lowest grades being nominal, owing to there being none so far as receipts.

The census bureau showed the gain up to Oct. 15 to be 36,330 bales, as compared with 18,778 last year, and 18,778

the year before. The increase in the spinning only meets expectations owing to the known rapid harvesting of the crop, and has not caused any increase in crop estimates.

Sales for the week, 1,062 bales. The following prices were based on factors' quotations and are revised weekly on Fridays:

LAW DEPARTMENT IS PROGRESSING

ALL THE STUDENTS ARE DOING
MOST EXCELLENT WORK.

Law Library Is Now Equal to That
of Any Institution in the
South.

One of the first acts of the students of the Law Department of the University of Florida was the organization of the John Marshall Debating Society. Its officers for the first semester are: President, W. B. Lanier; Vice-President, C. O. Rivers; Secretary and Treasurer, R. M. Robbins; Attorney-General, C. C. Small; Sergeant-at-Arms, O. Crocker.

All of the law students are enthusiastic in the work of this society, realizing its importance in the cultivation of the qualities of resourcefulness and leadership. Questions of vital interest are weekly debated by the young lawyers, with the force, penetration, and analysis inspired by their legal training. Friday evening, October 22, a very spirited debate was held upon the subject:

"Resolved, That the Centralization of Federal Power is Injurious to the Masses of the People."

This work is under the direct supervision of the law faculty. Dean Farrah is the critic of the society, giving its members the benefit of his experience and wisdom, gained as a practicing attorney, as a member of the law faculty of the Michigan University, and as the pioneer in the field of legal education in Florida. Professor Trusler, of the law faculty, who led the debating team which defeated the University of Arizona in 1902 and who won first prize in the oratorical contest of the University of Michigan in 1905, is also giving hearty encouragement and assistance in this forensic work.

Hon. Frank Clark of this city recently showed his great interest in the University and in the department of law by presenting the law library the eighth volume of "Hind's Precedents in the House of Representatives," and the seven volumes of "American Charters, Constitutions and Origin of Government." These are choice and valuable books, and are hard to get. The distinguished member of Congress from this district has the thanks of the faculty and students of the Law Department for this gift.

The Professor of Criminal Law reports very satisfactory progress in his classes in that subject. They are studying the nature of the different kinds of crime according to the common law, and then follow this up by a thorough consideration of those crimes according to the Florida statutes. His students have provided themselves with copies of the General Statutes of Florida, and in this course, as well as in the other courses in this department, particular attention is paid to Florida law.

All of the books of the law library have arrived and are now in place, except the earlier session laws of Florida, which will be here in a few days. The law library now has on its shelves the reprint of the English Reports, the Florida Reports, the "Trinity Series," "L. R. A.," United States Supreme Court Reports, Cyc, The National Reporter System complete, The Massachusetts, New York, Michigan and New Jersey Equity Reports to the National Reports," besides over three hundred volumes of leading text books and books of reference. This gives the law students of the University access to the best law school library in Florida, a law school library better than is found in any of the adjoining States.

President Murphree and Dean Farrah express themselves as extremely well pleased with the large attendance of law students at the State University. Although not yet four months old, the new law school has the largest attendance of any law school in the State.

Carlton Small, the son of Col. A. B. Small, one of the leading attorneys of Lake City, spent last Saturday and Sunday at the parental home. Mr. Small is a member of the senior law class, having come to the University from the Stetson Law School, where he took his junior year.

G. E. Pile, director of athletics in the University, is taking a full year for law work.

of Pensacola paid a visit to the University, and upon especial request of Dr. A. A. Murphree, president, made an extended address, replete with wisdom and inspiration. He was much interested in the law library, and expressed agreeable surprise at the extensive facilities of the new department.

W. B. Lanier of Jacksonville has recovered from his recent illness and was able to attend classes on Thursday, to the great delight of his many friends. Mr. Lanier was one of the efficient reading clerks in the House at the last session of the Legislature.

R. C. Johnston of Kissimmee is not only one of the best men in the Varsity football team, but is also one of the strongest men in the junior law class. Mr. Johnston has demonstrated that it is possible for a student to excel in athletics and yet not lose his rank in his class.

Col. W. E. Baker, one of the leading attorneys of this city, is in charge of the work in General Statutes and practice court work in the University. Col. Baker is well versed in pleading and practice, and is doing most excellent work in the law department.

The Presbyterian Bazaar, which was to have been given on Friday, November 19th, has been changed to Friday, November 12th, just one week earlier.

This change is due to the fact that the Masons occupy their Temple on that Friday night, and feeling deeply grateful to them for their kindness in allowing use of building, we have decided just to move on a little faster. Every preparation will be complete and the patrons lose nothing by the change of date. So don't forget Friday, November 12th.

COOK DISCOVERED THE NORTH POLE

SO IT HAS BEEN DECIDED BY
THE HIGH SCHOOL.

Teachers and Pupils of the Public School Are All Hard
at Work.

Despite the absence of some twenty pupils due to causes very generally known, the attendance at the public school continues good. Several new pupils entered during the past week and others will enroll Monday. Among those recently entering are two sons of Mr. and Mrs. Jobs; a son and daughter of Mr. Sternberg; a son and daughter of Mr. Vancycle; a son of Dr. Flint; a son of Rev. Clear; and a son of Mrs. Hunter. Two of Dr. Flint's daughters will enroll Monday. It is hoped that another teacher may be added to the faculty by the beginning of another month.

The Senior Literary Society met in the Auditorium of the High School Wednesday afternoon, with Miss Eugenia Fagan as president and Miss Elvira Farrah secretary. The roll call was responded to by quotations from Franklin. The committee appointed to select a name for the society reported several names, which were voted upon by the members, the result being the selection of "Athenian." A committee on constitution and by-laws was appointed and instructed to report at the next meeting of the society. After attending to the above-mentioned matters, the following program was then taken up:

Chorus—Sing Me a Song of the South—High School Chorus.

Essay—Benjamin Franklin—Clara McDonald.

Recitation—Mary Dawkins.

Declamation—Willie Heagy.

Instrumental duet—Fannie Burkheim and Francis McDonald.

Debate—Resolved, That Cook deserves the credit for the discovery of the North Pole. Affirmative, Earl Kelley and Mabel Lamons; negative, Winifred Pedrick and Gladys Taylor.

When it is remembered that the participants had less than a week in which to prepare, the entire program was well rendered. If the first meeting is a promise of the work the society is to do, it will be a great benefit to the members. The debaters were quite enthusiastic and made their arguments very interesting to the society. The decision of the judges was two to one in favor of the affirmative. The next meeting of the Athenian Society will be held Wednesday afternoon, November 10th. Visitors are cordially invited. The junior society will hold its first regular meeting next Wednesday afternoon. Societies have been organized in several of the grades and the children are very enthusiastic in the work.

UNIVERSITY WINS OVER ROLLINS TEAM

GAME WAS FAST AND FURIOUS
FROM START TO FINISH.

Rollins Was Outclassed By Varsity
Team at All Stages of the
Game.

Florida 14, Rollins 0.

The University of Florida met Rollins College Saturday in a football game that abounded with sensational playing. True to the prediction in Saturday's paper it was fast and furious from start to finish.

That the University had the Rollins aggregation out-classed from the start was very evident to all who were so fortunate as to see the game. The one bright particular star in the University firmament was a lad who goes by the name of Earle Taylor, his running through a broken field and eluding tackler after tackler was something worth going miles to see. The whole team played the best of football all the way through. The tackling was low and clean at all times, and when the plays started they were driven hard. The offense of the Rollins team was not at all strong, they never seriously threatening the University goal. Their defense showed up strong at times, but these were rare occasions. They held the University once early in the first half on their own three-yard line, and another time in the second half. The line bucking of Vidal, Rader, and Waggoner of the University team was fine. The same thing may be said of the end running and dodging of Shands and Taylor. The University ends, McCormick and Moody, showed up in fine form, as was expected, McCormick taking a forward pass at one time from Taylor for a net gain of twenty yards. Cox, the University right guard, demonstrated the fact that he is on to the job when it comes to breaking through and tackling. Storter at center showed that he knew his business when it comes to passing the ball and backing up a line on defense. Skipper at left guard was a stone wall on defense, blocking all attempts to slip by his position. Edgerton at quarter-back ran his team like an Eckersall, showing good

judgment and headwork at all times, his return of a kick to the point of kicking being one of the bright spots of the game.

Blackman at left end for the visitors was the lone star of their team. His tackling and going down the field under kicks was as good as has been seen here for some time. The rest of the team played good, hard ball, but were out-classed by an aggregation that had them bested in every department of the game.

The University team showed the effects of the training and superb coaching of that master of football training, G. E. Pile. Too much praise cannot be given Mr. Pile for the way he has brought up football since his stay at the University. He has shown that he knows the game thoroughly, and furthermore that he knows how to coach a football team. Space forbids full details of the game.

METHODIST HALLOWE'EN PARTY.

Home of Judge and Mrs. Mason Was Scene of Gaiety Friday.

The hospitable home of Judge and Mrs. H. G. Mason was the scene of gaiety Friday evening, the Epworth League of the First Methodist church having "taken possession" of the place for the purpose of entertaining each other with a Halloween, or ghost party, and the fifty or more who were present enjoyed the affair immensely.

Seventy-five invitations were issued, in which each person was requested to appear robed in the mask of a ghost. Those who accepted the invitations complied with instructions, and about 9 o'clock the scene represented a "spook resort" sure enough. Two "ghosts" were stationed at the gate, armed with a woman's weapon—the broom—and as the guests arrived they were swept in, on to the steps and the piazza, where they were left to the fate of their comrades for a while.

There was an interesting program, comprising a conundrum contest, in which the ladies' prize, a pin tray surmounted with a black cat, was won by Miss Daisy Poole. There was also a gentleman's prize, an ash tray with the same "dressing" as the lady's prize, but the winner refused to claim it, because probably he did not desire to disclose his identity.

Another interesting and amusing feature of the program was a large tailless black cat sketched upon a white screen, and the object was to ascertain who came the nearest to pinning the tail in the right position. This created a great deal of amusement, W. R. McKinstry being the most successful in the end.

In addition to other features of the entertainment, there was a chamber of horrors through which the guests were escorted, after which they were unmasked and disclosed their identity. This room was darkened, and from its confines emanated all sorts of hideous noise.

The decorations on the piazza and in the halls were innumerable Jack-o-lanterns, while the elegant dining-room was decorated with yellow and white, the league colors.

Delicious refreshments of fruit melba, cake and assorted fruits, were served and the evening passed off in a most enjoyable manner.

A Banquet

Spread before you would do you no good if you couldn't eat. What good can food do a child when as soon as it enters its stomach it is eaten by worms. That's the reason your baby is ailing, cross, pesty-faced and thin. Give it White's Cream Vermifuge. It will expel the worms and act as a tonic for the child. Sold by W. M. Johnson.

A HARD STRUGGLE

Many a Gainesville Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Gainesville people endorse this claim:

Mrs. Eliza Ratherree, 201 W. McCormick street, Gainesville, Fla., says: "For years I suffered from dragging pains in my back, often so severely that I could not move. The secretions from my kidneys were also irregular in passage and caused me further annoyance. Any cold I contracted aggravated my trouble and at such times I was in misery. A friend finally advised me to try Doan's Kidney Pills and I did so. The first few doses gave me relief and when I had taken the contents of one box, the pains disappeared and my kidneys became normal. Doan's Kidney Pills cured me and I am glad to give them the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A Handsome Store.

The stores of the Baird Hardware Company, which have undergone enlargement and a general rearrangement, have been formally opened to the public, and are among the handsomest of the kind in the State.

The offices of the company, which have formerly occupied the rear of the store, are now in front, where the location is much more convenient, besides affording more ventilation and better light.

The Baird Company are to be congratulated upon these arrangements, which not only add to their comfort, but to appearances on the east side of the square.

For Chapped Skin.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequalled for sore nipples, burns and scalls. For sale by all druggists.

While the other fellows are talking about "running for Congress," Hon. Frank IS running. He is continually on the go from place to place meeting and talking with the people and taking note of their wishes. Only in this way can a representative keep in close touch with the people, and it is Congressman Clark's greatest ambition to carry out, to the best of his ability, the wishes of his constituents.

Take an hour off sometime to go over your farm and pick out pauper acres. Then see to it that these acres are not put in regular farm crops next year unless heavily manured and specially treated. Unless this can be done, either build them up by sowing legumes or else put them to making timber. The farmers of the South cannot afford to cultivate a million or two acres of land every year which they would be richer by never touching at all.—Raleigh (N. C.) Progressive Farmer.

There is not the least doubt about it, the Railroad Commission of Florida needs the services of an experienced, conservative man versed in the railroad business as one of its members, and such a man is A. L. Glass of this city. He would make a good member of that body, and if his friends should succeed in getting him to become a candidate the people ought to elect him. He would be fair and impartial to all interests, and the public could feel assured that their every interest would be safe in his hands.

HOW TO SET OUT FRUIT TREES.

Most of the older writers placed a great stress on taking up all the roots of the tree and preserving all the fibrous roots. But we have learned better. We know that the fine and almost microscopic root hairs on the smallest rootlets are the means through which the trees get their food from the soil, and, no matter how carefully the roots are lifted, these are invariably dried up and destroyed, and the object of the planter should be to restore these in the most speedy manner. The long dried-up fibers are of no use to the tree, and hence should be cut away, and the roots pruned with a sharp knife so that a smooth-cut surface will be presented to the moist soil, from which new fibers and root hairs will be speedily developed.

Prune all roots to about 4 to 6 inches from the stem of the tree, cutting a sloping cut on the under side of the root so that the cut surface will be exposed to the more moist soil.

Then plant when the soil is neither dry nor wet, and in the South plant always in the fall, for if planted in spring the increasing sunshine may cause the tops to swell and the leaves to open before the new root hairs have been formed, and the tree may be exhausted by evaporation and die.

Plant just about as deep as the tree stood in the nursery. This means plant a little deeper at first so that the tree will stand at same depth when soil settles well. Never pour water in the hole, and never put manure in contact with the roots, but ram every inch of earth to the roots as tight as though a gate post.

Cut the tops back to 20 inches from the ground, cutting just above the bud. You will then have a row of little stumps. In the spring, when growth starts look carefully after the little trees, and select three or four shoots near the top, but not opposite, on which the head is to be formed and rub off all buds below. Thus the heads will start less than 20 inches from the ground, and it will be but a little while before the stem will be shaded from the sun, which is an important matter, for we often see young trees with tall stems that have the bark killed on the southwest side from exposure to the sun.

There are many advantages in having low-headed trees. They are not blown over into a leaning form by the wind. They are easily sprayed, and they must be sprayed if success is to be had. They are more easily harvested and the fruit is more easily thinned than where the heads are away up in the air.—W. F. Massey, in Raleigh (N. C.) Progressive Farmer.

COL. WATTERSON'S CONFESSION.

"Yes, Col. Watterson has music in his soul," said one of his life-long friends as the fame of the illustrious Louisville editor came up for discussion. "He is especially fond of the jingling, rollicking lines of the Gilbert and Sullivan operas, and when pleased hums them with delight.

"That trait nearly severed a long friendship a few months ago. The Colonel with four friends was having a friendly game, and the cards were running very strongly in the Colonel's favor. Pot after pot was raked in, and a hot tempered chap was invariably the victim—the last one to 'stay in' and buck the wonderful run of Watterson's luck."

"Finally a riddle was played. Three times in succession the Colonel broke the pot, got a raise, sweetened matters to fine proportions and won.

"He was pleased; the celluloid was piled high before him, and his soul was attuned to harmony. Into his mind came the strains of the 'Pirates of Penzance,' and by a strange mischance he first hummed the air and then burst into the boast of the Ruler: 'I am a pirate king.'

"I've known it for the last hour," snarled the loser, 'but as I was your guest I was too polite to mention it.'"
—From Norman E. Mack's National Monthly.

THE EAST FLORIDA.

The East Florida Telephone Company, which is a Gainesville institution, conceived and financed in this city by Gainesville people, is rapidly assuming proportions on a basis which makes the stock at least noticeable, as the enterprise has been on a paying basis ever since the first wire of only a few miles was stretched.

But not content with a small system, the East Florida has gradually extended its service until the system comprises now nearly two hundred miles, including the branch lines, as the service was completed to Dade City, one hundred and twenty miles distant to the south, and only forty miles this side of Tampa, a few days ago, and now the business man of Gainesville is at liberty to converse with his brother of South Florida, over one continuous line.

This system, which has proved of great value to the merchants and others of this section, has gradually encroached upon South Florida territory, notwithstanding the opposition of competitive companies, until today the East Florida controls more wires than any other independent company of the kind in the country.

This line will prove of great benefit during the coming endurance automobile run from Tampa to Jacksonville, as it will keep our people posted on the movement and whereabouts of the various machines from the minute they leave Tampa until they reach Gainesville. The line extends direct to Dade City, where connection is made with the line from Tampa, and messages will be received here at regular intervals.

This will be gratifying news to those who have manifested enthusiasm in the race, but who will be unable to accompany the machines.

Catarrh Cannot Be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

30 YEARS OF SUCCESS

J. W. McCollum & Co. Offer a
Remedy for Catarrh—The Medi-
cine Costs Nothing
if It Fails.

When a medicine effects a success-
ful treatment in a very large major-
ity of cases, and when we offer that
medicine on our own personal guaran-
tee that it will cost the user nothing
if it does not completely relieve ca-
tarrh, it is only reasonable that peo-
ple should believe us, or at least put
our claim to a perfect test when we
take all the risk. These are facts
which we want the people to sub-
stantiate. We want them to try Rex-
all Mucu-Tone, a medicine prepared
from a prescription of a physician with
whom catarrh was a specialty, and
who has a record of thirty years of
enviable success to his record.

We receive more good reports
about Rexall Mucu-Tone than we do
of all other catarrh remedies sold in
our store, and if more people only
knew what a thoroughly dependable
remedy Rexall Mucu-Tone is, it would
be the only catarrh remedy we would
have any demand for.

Rexall Mucu-Tone is quickly ab-
sorbed and by its therapeutic effect
tends to disinfect and cleanse the en-
tire mucous membrane tract, to
destroy and remove the parasites
which injure the membrane tis-
sues, to soothe the irritation and heal
the soreness, stop the mucous dis-
charge, build up strong, healthy tis-
sues and relieve the blood and sys-
tem of diseased matter. Its influence
is toward stimulating the muco-cells,
aiding digestion and improving nu-
trition until the whole body vibrates
with healthy activity. In a compara-
tively short time it brings about a
noticeable gain in weight, strength,
good color and feeling of buoyancy.

We urge you to try Rexall Mucu-
Tone, beginning a treatment today.
At any time you are not satisfied,
simply come and tell us, and we will
quickly return your money without
question or quibble. We have Rexall
Mucu-Tone in two sizes, 50 cents and
\$1.00. Remember you can obtain

him again. He was en route to Jack-

he has been in the interest of his

Mrs. T. S. Dorsey, who has been
spending the past few weeks with
relatives and friends in Louisville,
Ky., writes her husband that the
weather is rather chilly in the Blue
Grass State now, and that she expects
to return home during the coming
week. She states that she has enjoyed
her visit immensely, but will be
glad to get back to dear old Florida.
It is needless to add that Mr. Dor-

her return.

NEWS FROM ALL PARTS OF FLORIDA

There is a reason to believe that
Dade county's citrus crop will be
greatly reduced as a result of the re-
cent heavy storm.

The educational rally was a great
success at Orlando. The committee
was royally received and given a trip
to Winter Park and Rollins College.

Last Monday night a memorial ser-
vice was held at the Herron Theatre
in Lakeland, in honor of the late Hon.
Abraham Godwin Munn, founder and
benefactor of that city.

Dr. W. A. Mason of Macon, Ga.,
has been holding services at the
Baptist church in Eau Gallie. He is
a man of great ability and has done
some fine work in that town.

On Thursday a meeting was held
in Jacksonville for the discussion as
to whether Sunday theatres should
be allowed in that city or not. Some
wanted them closed because they are
conducted for profit.

Governor Gilchrist will return to
Tallahassee the first of next week.
There are about forty petitions for
pardons awaiting the meeting of the
board of pardons, which will be held
on the Governor's return.

Chico Gonzalez of Tampa, who is
charged with murdering Alfredo Al-
varez, appeared before Court Commis-
sioner C. W. Stevens on Thursday
and fought for his liberty. He told
his story on the witness stand, de-
nying all charges of the murder.

Katie Rocher, the little nine-year-
old daughter of R. R. Rocher of Jack-
sonville, was shot down while return-
ing home with some groceries on
Thursday afternoon late. C. C. Fut-
rell and wife were hurried off to jail,
but only Futrell was held. He admits
firing the fatal shot, but claims that
the death of the child was purely ac-
cidental. He had been drinking, it
seems, and went out on his porch
with his pistol in hand, looking for
a Mr. Reynolds, who he claimed had
given him some trouble. Several
shots were fired, one causing this sad
affair.

Week of Prayer.

The Woman's Home and Foreign
Missionary Societies of the First
Methodist church will observe their
annual Week of Prayer and Thanks-
giving beginning with a sermon Sun-
day night by Rev. J. S. Collins, and
continuing throughout the week.

Let the members of both societies
set aside one hour each day during
this week and meet together for a
season of prayer and thanksgiving.

The first service begins Monday af-
ternoon at 3:30, conducted by the W.
F. M. Society, led by Mrs. B. D. Harts-
field.

Program for the week will be given
later.

NOTICE.

Notice is hereby given to all and

Spanking does not cure children of bad
conduct. There is a constitutional cause
for this trouble. Mrs. M. Summers, Box
W, South Bend, Ind., will send free to any
mother her successful home treatment, with
full instructions. Send no money, but
write her today if your children trouble you
in this way. Don't blame the child, the
cause is in it. Don't help it. This treatment
also cures adults and adult troubles. Write

pound has restored
me to perfect
health and kept me
from the operating
table. I will never be without this
medicine in the house."—Mrs. SAM'L
LEE, 6523 Fourth St., Louisville, Ky.

Another Operation Avoided.
Adrian, Ga.—"I suffered untold
misery from female troubles, and my
doctor said an operation was my only
chance, and I dreaded it almost as
much as death. Lydia E. Pinkham's
Vegetable Compound completely cured
me without an operation."—LENA V.
HENRY, R. F. D. 3.

Thirty years of unparalleled suc-
cess confirms the power of Lydia E.
Pinkham's Vegetable Compound to
cure female diseases. The great vol-
ume of unsolicited testimony constan-
tly pouring in proves conclusively that
Lydia E. Pinkham's Vegetable Com-
pound is a remarkable remedy for those
distressing feminine ills from which
so many women suffer.

SMITH'S GENEROUS OFFER.

Will Give Away Fine Mahogany Piano
and Thousand Dollars.

With commendable enterprise, L.
C. Smith, the jeweler and shoe mer-
chant, has inaugurated an independent
piano contest, and proposes to give
away as a New Year present a hand-
some piano, mention of which is
made elsewhere in this paper, and
which is worthy of the perusal of our
readers.

Mr. Smith will not only continue to
give the best value for jewelry and
shoes to be found in this section of
the State, but in addition will give
his customers the opportunity to vote
for their choice in this great contest.

Read the advertisement and get ac-
quainted with the conditions of the
contest.

TO THE PUBLIC.

I have sold my Studio to Mr. W. M.
Van Sickle, who will take possession
November 1st. I shall remain with
him until November 15th to finish
all work on hand. I ask those indebted
to me to settle within that time;
and those having pictures undelivered
to call and get them. If anyone has
any bills against me, I ask that they
call at the Studio and they will be
promptly paid.

I commend Mr. Van Sickle to the
public as a competent photographer
and a courteous gentleman and be-
speak for him the same generous pa-
tronage that has been given me in
the thirteen years I have been here,
and for which I hereby express my
thanks. Respectfully,
JAMES F. SMITH.

Imperfect Digestion

Means less nutrition and in conse-
quence less vitality. When the liver
fails to secrete bile, the blood becomes
loaded with bilious properties, the di-
gestion becomes impaired and the
bowels constipated. Herbins will
rectify this; it gives tone to the stom-
ach, liver and kidneys, strengthens the
appetite, clears and improves the com-
plexion, infuses new life and vigor to
the whole system. 50 cents a bottle.
Sold by W. M. Johnson.

THE LADIES WANT BETTER SCHOOLS

THAT IS, THEY DESIRE MORE ADE-
QUATE SCHOOL FACILITIES.

Interesting Meeting of Alachua County
School Improvement Association,
at Which Important Busi-
ness Was Transacted.

The Alachua County School Im-
provement Association held a very en-
thusiastic business meeting at the
home of Mrs. J. B. Padgett on Fri-
day afternoon.

The president, Mrs. Futch, presided,
and in the absence of Mrs. Thack-
ston, the recording secretary, Mrs. Pad-
gett acted as secretary pro tem.

The meeting was opened with the
Lord's Prayer in concert, followed by
the reports of the treasurer and cor-
responding secretary.

Mrs. Padgett reported the donation
of a set of handsomely bound en-
cyclopedias given by a lady who is
thoroughly in sympathy with the
work, but who does not wish her
name mentioned. These volumes will
be turned over to the High School.

An interesting discussion of the
plans of the association brought
forth many helpful suggestions, and
many definite plans were formulated.

It was decided to plant out at once
the elaborate collection of flowers and
plants consisting of eighteen choice
varieties given to the association by
Prof. Rolfs.

The president appointed the follow-
ing committee to meet at the High
School Monday morning to look after
this matter: Mrs. DeLand, chairman;
Mrs. Hill, Mrs. Henderson, Mrs.
Rogers and Mrs. Padgett. This is
an unusually fine collection and the
ladies appreciate the donation very
much.

The following committees were also
appointed: A committee on securing
a piano for the school, Mrs. Dean,
chairman, and a committee on draft-
ing a constitution and by-laws, Mrs.
Thackston, chairman; a committee
for the purpose of visiting the school,
this committee to consist of nine,
alternating three each week, with
Mrs. Padgett as permanent chairman.

Resolutions were passed extending
votes of thanks to the donor of the
encyclopedias, to Prof. Rolfs for the
flowers, and the board of trustees for
their co-operation and sympathy in
the work undertaken by the ladies.

The association already numbers
fifty-two, and with the following able
and live officers will accomplish much
for the school: Mrs. J. E. Futch,
president; Mrs. Frank Clark, vice-
president; Mrs. Thackston, recording
secretary; Mrs. Padgett, treasurer,
and Mrs. Henderson, corresponding
secretary.

ORANGE HEIGHTS.

ORANGE HEIGHTS, Oct. 30.—
Wiley Tillman, one of our merchants,
visited Jacksonville on business one
day last week.

Mrs. Ross Montgomery returned to
her home last Tuesday.

The church at Orange Heights will
give a supper next Friday evening.
Come one, come everybody.

Henry Davis lost a valuable hog
last week. The train ran over it and
killed it; also one of his small pigs.

There is quite a great deal of
thieving going on in our neighbor-
hood. Someone helped himself to
some corn, thus relieving Jos. Adams,
Mr. Paulsen and Mr. McConell.

Miss Bell Hall is clerking in Mr.
Baldwin's store in Melrose.

Robert Kite and family have moved
from their farm near here into the
house vacated by Mr. Eddy some
time ago. We welcome Mr. Kite and
family in our village.

CHILDREN HAD BIG TIME.

Enjoyed Hospitality of Three Ladies
at Hallowe'en Party.

The "ghost and cat party" given
the members of the Junior League, the
Orange Blossoms and Children's
Brigade by Mrs. Gracy, Miss Tousey
and Mrs. Huffman, was much enjoy-
ed by all the "ghosts" who came to
Mrs. Huffman's home for a Hallowe'en
party.

Jack-o-lanterns, cats and all sorts
of Hallowe'en creatures were used to
decorate, and make ready for the re-
ception of the "ghosts," and when
they arrived much merriment prevail-
ed in trying to identify one from
another.

A large black cat adorned one
corner, and a cat contest consisted of
trying to pin the cat's tail on, while
blindfolded. Blanche Durst succeed-
ed in winning the first prize in this
contest, which was a real live kitten.
Louise Hannon won the consolation
prize, a picture of a cat.

A ball contest, a bean contest and
bobbing for apples made the time pass
away quickly. Harold DeLand won
the prize for the ball contest, and
William Colclough the prize for ap-
ple bobbing.

During the early part of the evening
the University band serenaded the
"ghosts" and their "groans" were
much appreciated by all the "ghosts."
Refreshments were served in the
dining-room, which was appropriately
decorated for a "ghost" supper, after
which all the "ghosts" vanished, after
enjoying the evening.

GREAT CROWDS AT CIRCUS.

Many People Here Plan to See Bar-
num and Bailey at Jacksonville.

Gainesville will be well represent-
ed at Jacksonville on Friday, Nov.
5, when the Barnum and Bailey great-
est show on earth exhibits there on
that date, for a great many of our
citizens have already expressed
themselves as having made up their
minds to attend. A glance at the
list of wonders to be seen with this
big show would lead one to believe
that the limit in tremendous size as
well as number of novelties to be
seen has finally been reached. Bar-
num and Bailey present this year un-
der their city of 14 acres of tents
more things new than have been offer-
ed by all other shows in years.
"Jupiter, the balloon horse," Karoly's
troupe of 16 Hungarian coal black
stallions, the musical elephants, cele-
brated Konyot troupe of equestrians,
seven troupes of foreign acrobats,
four troupes of aerialists and hun-
dreds of other arenic novelties, all
go to complete a circus performance
that has never been equalled. The
big menagerie has been augmented
by the addition of many new strange
beasts and is larger than all the
zoological gardens in this country
combined. The street parade, so gor-
geous and so tremendous in size,
beggars description, and in all is a
fair index to the wonderful perform-
ances that follow.

Slightly Colder With Snow.

When you see that kind of weather
forecast you know that rheumatism
weather is at hand. Get ready for it
now by getting a bottle of Ballard's
Snow Liniment. Finest thing made
for rheumatism, chilblains, frost bite,
stiff joints and muscles, all
aches and pains. 25c, 50c and \$1.00 a
bottle. Sold by W. M. Johnson.

Off to the Mines.

Deputy Sheriff Bruton left Friday
for Holder, having in custody two
prisoners.

Enoch Mobley, colored, was convict-
ed in Justice Carter's court at New-
berry upon a charge of embezzle-
ment, he having misappropriated
money which had been entrusted to
him by another party. He got
three months at hard labor.

James Wesley, who disposed of a
lot of clothing belonging to another
party who had given them to him to
sell, but who forgot to turn in the
money, was found guilty in Justice
Sealey's court at Alachua, and not
being able to raise the amount of
his fine and costs, amounting to about
\$25, he was sent up for sixty days.

A Shaking Up

May all be very well so far as the
trusts are concerned, but not when
it comes to chills and fever and ma-
laria. Quit the quinine and take a
real cure—Ballard's Herbine. Con-
tains no harmful drugs and is as cer-
tain as taxes. If it doesn't cure, you
get your money back. Sold by W. M.
Johnson.
